- Wiper blades

If you need immediate assistance,* please contact:**

- The service center listed on the front of your invoice
- 1-800-FAST-CHANGE (1-800-327-8242) to speak to a customer care representative
- Customercare@valvoline.com

*Quarts vary by vehicle model and location. Additional charge for extra quarts.

**Applies only to accessible/applicable items. At participating locations, 18-Point Maintenance Check does not measure or capture any information related to your tires' tread depth. Any results should not be understood to warrant or represent the tread depth on any of your vehicle's tires.

Valvoline Instant Oil Change™ does not inspect tires for safety, but does check and adjust air pressure if necessary. At participating locations, we also measure tread depth in one place on each tire. The tread depth is not an exact measurement, and it may not be the same at all places on a tire. Driving conditions will affect the safety and performance of your tires.

BRAKE FLUID: We check but do not add brake fluid. If brake fluid is low, auto manufacturers recommend a mechanical check for excessive wear or leaks.

*** If repairs are required, you must contact Valvoline Instant Oil Change prior to any repairs taking place. We will not be responsible for repairs not authorized by our company.

Valvoline offers no warranty on customer-supplied parts or the installation or maintenance thereof.
