Remember to rotate your tires every 5,000 miles for maximum mileage - and it's free!

Free air checks for the life of the tires.

Les Schwab electronically registers your tire purchase with the tire manufacturer at no charge to you, in accordance with NHTSA's tire registration requirements.

SAEJ2492 WARNING: THE FOLLOWING APPLIES TO VEHICLES WITH MODIFIED SUSPENSION/RIDE HEIGHT

The suspension/ride height of this vehicle has been modified. As a result, this vehicle may handle differently than that of factory equipped vehicles. As with any vehicle, extreme care must be used to prevent loss of control or roll-over during sharp turns or abrupt maneuvers. Always wear seat belts and drive safely, recognizing that reduced speeds and specialized driving techniques may be required. Failure to drive this vehicle safely may result in serious injury or death. Do not drive this vehicle unless you are familiar with its unique handling characteristics and are confident of your ability to maintain control under all driving conditions. Some modifications (and combinations of modifications) are not recommended and may not be permitted in your state. Consult your owner's manual, the instructions accompanying this product and state laws before undertaking these modifications. You are responsible for the legality and safety of the vehicle you modify using these components.

Your car may have a tire pressure monitoring system that uses a warning light to alert the driver of low tire pressure or system failure. Pursuant to NHTSA, Les Schwab must install all tire and wheel combinations with functioning TPMS sensors; including tires and custom wheels or winter tires and wheels. The TPMS light may illuminate after routine service and require additional action. We offer and recommend monthly air checks.

THANK YOU FOR YOUR BUSINESS
